The restaurant from Fort Worth offers **124** different **dishes and drinks on [the menu](#)** at an average price of \$6.0.

This Taco Bell location shows a stark contrast in customer experiences. While some patrons praise the friendly service, quick preparation, and well-made food during quieter hours, others report extensive wait times, incorrect orders, and poor customer relations. Serious concerns include unprofessional behavior from management, particularly involving discrimination against a deaf customer. Additionally, difficulties obtaining refunds through the app and website add to customer frustration. Though some appreciate the atmosphere and customization options, inconsistent service and order accuracy issues suggest this location struggles to maintain a reliable fast-food experience. Prospective diners should temper expectations accordingly.
