****Restaurant Review: Zaza Old Amersham**** Nestled in a vibrant setting adorned with stunning decor, including a striking central olive tree, Zaza Old [Amersham](#) offers an inviting atmosphere heightened by fragrant flowers and charming outdoor seating. While the service receives high praise for its attentiveness and friendliness, the food presents a mixed experience. Dishes like the whitebait and calamari are well-received, yet others, such as the carbonara and ragu, fall short of expectations, resembling more a home-cooked meal than authentic Italian fare. Despite this culinary inconsistency, the overall ambiance and service make Zaza a worthwhile dining destination for any occasion.
