On this website, you will find the **complete menu** of The Bosun from [Passage west](#). Currently, there are **66** dishes and drinks available. The Bosun Restaurant offers a professional and friendly staff, but the quality of the food is hit or miss. Fresh seafood is praised, but often overcooked and overpriced. Some dishes, like the salmon salad and popcorn sauce, stand out as delicious. The large menu may be a detractor, as the focus should be on quality over quantity. Overall, the service is excellent and the staff is welcoming. The breakfast is particularly well-received. While there are some standout items, like the fish and friendly service, and the room is comfortable, the overall experience may not live up to the hype for some diners.
