The restaurant from Falkirk offers **111** different **courses and drinks on [the menu](#)** for an average price of £6. The overall experience at this restaurant seems to be marked by slow service and issues with table turnover. Some customers were asked to leave abruptly for the next customers without being given a proper warning, leading to disappointment. However, others were pleasantly surprised by the friendly staff, cleanliness, adherence to COVID regulations, and delicious food. While some glitches in service were noted, the general consensus seems to be positive, despite mixed reviews on food quality and service speed. It appears that there is room for improvement in terms of communication and efficiency to ensure a more consistent dining experience.
