The menu of **The Manor from Worcester** contains about **112** different courses and drinks. On average you pay about £9 for a dish / drink. The restaurant is situated in a beautiful village setting with plenty of tables and friendly staff. The service was efficient and cheerful, with a good choice of delicious food. However, some customers experienced rude and slow service, along with cold food and burnt desserts. Prices were considered expensive by some, with additional service charges causing dissatisfaction. Despite these issues, the food was generally well-liked and the overall experience was positive for many visitors, especially for special occasions like Mother's Day. The limited menu and high prices were a minor downside, but the restaurant comes highly recommended overall.
