The menu of Chikizza from St. Albans contains about **132** different dishes and drinks. On average you pay about £7 for a dish / drink. Despite its proximity, this restaurant has garnered a range of disappointing reviews.

Diners report dry, small portions, with some claiming the beef tasted artificial and most meals arrived cold. Service complaints highlight rude staff interactions, particularly regarding quality issues. While some customers enjoyed pleasant side items like chips and salad, they lamented over-sauced burgers and greasy pizzas.

However, not all experiences were negative; one bright spot is the highly praised **kebab** munchy box, with generous portions and great flavor. Overall, while there are some redeeming dishes, the restaurant may leave many diners wishing for better options nearby.
