The restaurant from Edinburgh, City of offers **148** different **dishes and drinks on [the menu](#)** at an average price of £6. Mr. Basrai's offers an expansive buffet featuring a delightful array of international cuisines, from Mexican to Indian. Many diners laud the fresh, vibrant flavors, especially the Peri Peri chicken and seafood selections. The desserts, highlighted by a chocolate fountain and unique ice creams, add sweetness to the experience. However, some patrons reported inconsistencies in food temperatures and quality, especially regarding the seafood. Service is generally friendly, though attention to customer complaints has been noted as lacking at times. Overall, while the restaurant shines in variety and value, it has opportunities for enhancement in food presentation and service.
