The restaurant from Brixton offers **181** different **dishes and drinks on [the menu](https://menuweb.menu)** for an average price of £8. In the vibrant world of Indian cuisine, one restaurant stands out for its diverse experiences, both commendable and disappointing. While numerous diners praise the delicious buffet, especially the tender Lamb Rogan Josh, others express dissatisfaction with underwhelming main dishes and inconsistent quality, particularly in takeout orders. Pricing tends to be higher than nearby competitors, leading some to question value for money. Despite the mixed reviews regarding flavors and service, many appreciate the welcoming atmosphere and attentive staff. Overall, while some experiences sparkle with culinary delight, others leave diners longing for a more authentic taste of India.
