Here you will find the [menu of Eden](#) in St Austell. At the moment, there are **38** menus and drinks on the list. At a recent visit to a popular restaurant linked with the Eden Sessions, diners discovered a mixed bag of vegan offerings. While highlights included a delicious vegan Cornish pasty and tasty desserts like mint chocolate chip coconut ice cream, many found the savory options underwhelming and lacking clear labeling. Diners expressed disappointment over the limited variety, especially given the focus on sustainability. Some appreciated the availability of items like jackfruit wraps and vegan pizzas, but many felt that improvements could still be made.

Overall, while the restaurant offers some commendable vegan choices, it leaves much to be desired for dedicated plant-based diets.
