The place from [WIMBORNE](#) offers **50** different **courses and drinks on [the menu](#)** at an average price of £11. The Wimborne Pig offers a charming ambiance and dedicated service but has drawn mixed feedback on dining procedures. While some guests rave about the exceptional quality of food and a vibrant atmosphere, others lament the enforced 90-minute dining limit, leading to a rushed experience that diminishes enjoyment, particularly during multi-course meals. Despite some dishes' varying quality, such as raw vegetables, many patrons appreciate the local menu and festive setting. Overall, while it boasts excellent service and a welcoming vibe, potential diners should be mindful of timing when making reservations for a leisurely meal.
