On this webpage, you can find the **complete menu** of Sallys Of Omagh from [Omagh](#). Currently, there are **23** courses and drinks available. Sally's Restaurant offers a charming atmosphere with quality food, but experiences vary widely. While the decor impresses and some dishes shine—like the excellent vegetable soup and beer-battered fish—others have fallen short, marked by overcooked meals and modest dessert portions. Service can be hit or miss; friendly staff exists alongside less engaged members who detract from the overall experience. Despite mixed reviews, many patrons express a desire to return, hoping for a return to past excellence. Prices have risen, sparking some disappointment, yet Sally's remains a popular spot for family gatherings and casual dining.
