On this webpage, you can find the **complete menu** of Taj Indian from Ardara. Currently, there are **15** menus and drinks up for grabs. At this restaurant, the lamb madras was lacking in spice and flavor suitable for true curry enthusiasts. The Bombay aloo was also bland. However, great deals with reasonable prices are available, and the pizzas are superb with huge portions of chips. The place is spotless and the service is excellent. Vegetarians can try the pizzas with various veggies, but vegan options are not currently offered. Despite the exterior appearance, the food is delicious and fresh. Overall, don't judge this restaurant by its cover, as it exceeds expectations in terms of quality and service.
