A **comprehensive [menu](#)** of **Abners Crab House** from CHESAPEAKE BEACH covering all **15** menus and drinks can be found here on the food list. Abner's in Chesapeake Beach is known for their [seafood](#), but recent reviews indicate some significant issues with food quality and service. Multiple diners complained about flies in the restaurant, slow service, and unsatisfactory meals. However, some customers did have positive experiences with delicious crab dishes and excellent service from their servers. The atmosphere is described as cafeteria-like and lacking ambiance. Despite a recent remodel and positive experiences with crabs, the overall impression of Abner's seems mixed, with some patrons having a great experience while others were left disappointed.
