On this website, you can find the **complete menu** of Hong Kong from Broadland. Currently, there are **18** dishes and drinks available. In the vibrant local dining scene, one takeaway restaurant stands out for its generous portions and affordable prices, particularly praised for fresh and flavorful dishes, including the chicken with peanut and black bean sauces. However, mixed reviews highlight significant concerns, such as poor handling of meal allergies, inconsistent quality, and customer service issues. While many patrons are loyal and enjoy returning, some have reported disappointing experiences with burnt meals and mishandled orders. Additionally, the restaurant requires cash or bank transfer payments, which can lead to frustration. Overall, while it has its loyalists, caution is advised for new customers.
