Sainsbury's Kempston presents a varied shopping experience, boasting a friendly atmosphere and a diverse menu that many customers appreciate. However, recent feedback highlights significant issues, including expired products, slow customer service, and neglected hygiene in restrooms. While the café offers enjoyable treats like doughnuts and breakfast options, long wait times for basic items detract from the experience. Although the parking improvements have been noted, clearer signage and more attentive staff could enhance the overall customer journey. With a few adjustments, this location could strengthen its reputation and customer satisfaction.
