On this website, you can find the **complete menu** of Skippers from Aberdeenshire. Currently, there are 19 courses and drinks up for grabs. Skippers, a local chip shop, offers a varied dining experience marked by both delightful offerings and frustrating service encounters. While some patrons rave about the beautifully cooked fish and fluffy, well-prepared chips, others lament over improper cooking and poor customer relations. The commendable gluten-free options and friendly staff earn high marks, yet the restaurant's insistence on phone orders during peak times can lead to unpleasant interactions. In a competitive market, Skippers struggles with consistency, leaving many customers debating whether it deserves a second visit or if they should explore other local options.
