Red Rose Restaurant has drawn a mix of experiences, particularly regarding its dining and delivery services.

While many patrons praise its vibrant atmosphere and generous portions, others have faced delays and disorganized service during their visits. Some diners enjoy the variety and quality of dishes, often emphasizing the standout taste of vegetarian options. Conversely, delivery orders have frequently fallen short, leading to disappointment and wasted food. Despite this inconsistency, loyal fans continue to regard Red Rose as a top curry house, appreciating its value and encouraging dine-in visits while bringing their own beverages due to its lack of an alcohol license.
