Here you can find the [menu](#) of **Spices** in Birmingham. At the moment, there are **16** meals and drinks on the menu. Located on Soho Road, this restaurant presents a blend of highs and lows. Guests have noted a dip in food quality and service after a recent change in management, with complaints of rudeness from staff. Despite some dishes being overly salty and not always served hot, many diners appreciate the diverse menu—featuring Asian cuisines and affordable prices. The decor is vibrant, but the space can feel cramped due to its popularity with local youth. While some rave about specific items like the spicy chestburger, others lament the inconsistent service and errors with orders. It's a venue that balances potential with pitfalls.
