A **comprehensive menu** of Curryland from Worthing covering all **18** meals and drinks can be found here on the card. The restaurant experience has garnered a mixed bag of reviews, with customers voicing frustrations over inconsistent service and food quality. Long wait times and missing items plagued several orders, leading to dissatisfaction among patrons who expected more from the establishment. However, not all feedback was negative; some diners praised the delightful flavors of certain dishes, like the Chicken Chilli Badami Mosalla and the Achari King Prawn Takari. While the delivery service received accolades for efficiency and vegan options, the overall sentiment suggests a need for the restaurant to address service lapses and elevate food standards to maintain customer loyalty.
