On this site, you can find the **complete [menu](#) of Five Guys** from Brighton. Currently, there are **15** menus and drinks available. Five Guys at Brighton Marina delivers a mixed experience, prompting both praise and frustration. Many diners appreciate the quality and taste of the food, particularly the burgers and hot dogs, while others expressed disappointment with service and cleanliness. Issues like lukewarm meals, unkempt tables, and poor customer service marred the experience for some. Despite a generally lively and clean atmosphere, the attention to detail in maintenance and hygiene leaves much to be desired. With a pleasant view and a solid menu, this eatery has potential, but improvements in service and cleanliness are essential for a consistently positive dining experience.
